NEWPORT NEWS, Va., March 10.—The German auxiliary cruiser Prinz Eitel Friedrich arrived here today, presumably for coal and supplies. She is said to be in need of repairs and may intern here. She is reported to have 326 French and Russian prisoners of war aboard.

No sooner had the Prinz Eitel anchored than the United States coast guard ship Minotaur went alongside to take up her watch to preserve the neutrality of the United States until officials at Washington decide what shall be done with the ship. Scared by the red rust and salt of her months at sea, the German auxiliary was painted white on one side and black on the other. It was reported in marine circles that the Prinz Eitel had been chased to the three mile limit by a British cruiser but as the German captain had sealed the lips of his officers, it was not confirmed.

Within an hour after the Prinz Eitel arrived in Hampton Roads a request was made to the Newport News Shipbuilding & Dry Dock Company to determine if they could at once begin work on repairs. The company immediately communicated the request to the Navy Department at Washington and asked if the United States would have any objection. Rear Admiral Doughty, commanding the Norfolk navy yard after spending the arrival of the German cruiser received instructions from Secretary Daniels to make an investigation and send him a full report.

The auxiliary cruiser Prinz Eitel Friedrich started out on her career as a warship from Tsing-Tau. She formerly was a regular liner of the North German Lloyd. She reached Tsing-Tau shortly after the outbreak of hostilities and the German marine authorities at that port equipped her with naval arm and turned her into an auxiliary cruiser.

**ALLIES CONFIDENT THEY  
HAVE GERMANY BEHELD**

By Associated Press.

LONDON, March 10.—As England goes it, not since the war began has the situation both on land and sea been more favorable to the allies than it is today. Confident opinions of this nature are finding constant expression in London.

Shortly, but surely, it is argued, the allied fleet is creeping toward Constantinople, and the opening of the Dardanelles is a matter of time. The British army, Marshal von Hindenburg's army from North Poland is said to be imminent in the west the allies claim the ascendancy all along the line, although no decisive engagements are being fought, while the Bulgarians and Italians, according to British interpretation of the political news of those countries, the majority is clamoring for intervention on the side of Great Britain, France and Russia. This is said to be notably true in Greece and Rumania, both of which fact that the governments of this country still cling outwardly to the policy of neutrality.

**ANOTHER SUBMARINE  
IS SENT TO BOTTOM**

By Associated Press.

LONDON, March 10.—The German submarine U-29 has been sent to the bottom, according to a statement issued today by the British admiralty. The submarine, according to the official announcement, was rammed today by the British torpedo boat destroyer Ariel. The members of the submarine's crew surrendered and were saved.

The submarine U-29 was built in 1912. She had a displacement of 810 tons and a speed of 17 knots on the surface, and 12 knots submerged. The location of the sinking of the submarine is not disclosed in the admiralty announcement. The captives crew will be deprived of all special privileges as was done in the case of the U-19. The U-29 is believed to be the submarine which yesterday sank the British steamer Blackwood.

ST. PETERSBURG, Russia, March 10.—The Turkish forces and the Kurds who have been concentrated in the district of Khon, in Northwestern Persia, are slowly being forced by the Russians to retreat to the southward. Russian forces already have come into possession of several villages in which Turkish troops have been quartered.

Information reaching here from the north is that a large number of Armenians who remained in Urmiyah, a city in Persian Armenia, were placed under the protection of the American consular official.

**COP ASKED HER TO AID  
ACCUSED MAN, GIRL SAYS****Testifies That Brownsville Chief of  
Police Told to Save Chew, Ac-  
cused as White Slave.**

UNIONTOWN, March 10.—Hattie Groves, who was caught in County Jail on February 13, gave startling testimony today before Judge J. Q. Van Swearingen as a witness for the Commonwealth in the case of Chew, accused of keeping a disorderly house and violating the liquor laws. The girl was called by District Attorney S. Ray Shelby in rebuttal after Chief of Police Allen D. Crutchman of South Brownsville, has testified as a character witness for Chew.

The girl said that on the day following the raid of Police Crutchman came into the room where she and Ethel Ridemore were together. "Good morning, girls," Hattie Groves testified Chief Crutchman said to them, and began a discussion of the arrest early Sunday morning. "Ethel, don't say anything," the Groves girl testified Chief Crutchman told her. "He's a good fellow and it would put a black mark down for me."

Night Patrolman Moser of South Brownsville police force also testified as a character witness for Chew. The case went to the jury shortly before noon.

In Judge Umbel's court Joe Barber and Joe Marza were tried for assault and battery with intent to rob and robbery. On Washington's birthday they are alleged to have robbed Joseph Pustatnik of 325 near River in Redstone township. It is said that one of the men was identified by a red jacket which he lost in his flight with Pustatnik. The money was recovered and was in possession of Justice of the Peace N. J. Billewens of Redstone.

Nearly 50 residents of Redstone township came to court today when the cases against Louis Miller, Russell Lehnert and Frank Miller, charged with disturbing a religious meeting, were called. It is alleged that the boys interrupted services at the United Brethren Church at Fowler's Mill on the evening of February 21. Brother William M. Eitling was the first witness called. He declared that he had been assigned to the task of preserving order, and when the three boys entered the church, he saw them. He testified that they shammed the door as they went out, and that they hadn't come out before inviting him along to settle the matter. He declined to follow them. A long line of witnesses will appear on both sides before the case reaches the jury.

WASHINGTON, March 10.—The Mexican Red Cross today appealed to the American Red Cross through Secretary Bryan for food for the starving population in Mexico City. Miss Michael Bondman of the American Red Cross consulted with Secretary Bryan and Consul General Lansing of the State Department today in regard to the Mexican relief. There are many practical difficulties and it was decided to await further information from Mexico City before taking final steps.

**DUMBAULD DROPS IMPEACHMENT  
CHARGES AGAINST JUDGE UMBEL;  
LATTER TO RESIGN IN TWO YEARS**

The Democratic factions of Fayette county have composed their quarrel. The impeachment proceedings against Judge Robert E. Umbel, which his Nemesis, H. S. Dumbauld, threatened to renew at this session of the Legislature, and which were expected to break this week, have been abandoned. It has been agreed that Judge Umbel will retire from the bench within the next two years, in time for his successor to be elected in 1917, when the successors to Judges Van Swearingen and Work will also be elected.

It is generally conceded that there are advantages in this arrangement which will inure to the public benefit. A multiplicity of candidates, it is argued, will tend to discourage the flood of corruption which has for some years past been an unhappy accompaniment of judicial elections in this and adjoining counties; and an aroused

public sentiment, it is hoped, will do the rest, all of which will be gratifying to political managers as well as common people.

The following statements, which have been handed The Courier for publication, tell the tale and bind the bargain:

Judge Umbel and certain of his close friends have assured me that he will resign his office as President Judge of the 14th Judicial District, at such time as to bring about the election of his successor in the year 1917, the time when successors to Judges John C. Van Swearingen and Judge James C. Work will be elected. This will result in the election of all the Judges for Fayette County at the same election. For this reason I have decided not to file any complaint against Judge Umbel in the Pennsylvania Legislature.

H. S. DUMBAULD.

What Mr. Dumbauld has said about my resigning my office so as to bring about the election of my successor in 1917 is true, and I propose to file my resignation with the Governor so as to bring about that result.

R. E. UMBEL.

**LEGISLATORS ARE  
GIVEN SURPRISE BY  
UMBEL AGREEMENT****Dumbauld's Charges Were  
Expected in House on  
Monday Night.****HAD SENT THEM TO CAPITAL**

Gossip in Harrisburg is to effect that Agreement May Not be Respected by the Senate and Action May be Taken; Full Crew Reporter in House

Special to The Courier.

HARRISBURG, March 10.—The announcement that H. S. Dumbauld had decided not to renew charges against Judge Robert E. Umbel of Fayette county with the present Legislature, caused a stir here. The legislators fully expected Dumbauld to reach Harrisburg Monday night, and to file the charges, requesting that the judge be impeached. Last week he sent a copy of his new charges to Harrisburg, with the statement that he would present them to the speaker of the House on Monday night. On Sunday, however, he wired that it would not be possible for him to be at the capital, and his successor would have to be elected in 1917. According to the agreement made between Dumbauld and Judge Umbel, the judge is to resign in time for his successor to be elected in 1917. This will mean the election of all three judges in Fayette county.

According to gossip around the Capitol, the charges against Judge Umbel may not be dropped. Some members of the Legislature take the stand that his agreement with Dumbauld is in the nature of an admission, and they say that if he does not retire, and if the Legislature will take up the matter on its own motion, this, however, is doubtful.

Near the close of the 1913 session, Dumbauld filed impeachment proceedings with Speaker George B. Alter and a committee of the House, of which Samuel A. Whitaker of Chester was chairman, took testimony in Uniontown. The committee could not finish its work before the close of the session and was discharged. During the campaign last fall Dumbauld announced that if he was alive and had the price of a railroad ticket he would be in Harrisburg when the 1915 Legislature organized to start again in impeachment proceedings. The Legislature organized January 5, but Dumbauld did not make good.

The petition of Dumbauld, prepared for presentation to the present Legislature, gives the full proceedings of the impeachment proceedings, including the testimony taken at the hearing originally made, which are on record here. The petition closes with a request that the Legislature appoint a committee to resume the investigation into the official conduct of Judge Umbel, unless it should appear to the House of Representatives that a prima facie case is made out. Dumbauld charged that Umbel, as a candidate for re-election and election in 1909, assisted in the organization of a secret committee of five members "for the purpose of collecting and disbursing large sums of money for the purpose of influencing voters at an election in favor of said Robert E. Umbel," and exacting money, in connection with the alleged treasurer of the said committee, Bruce R. Sterling, demand, accept and receive large sums of money from the same holder at the hands of the said court, and who, in the due course of procedure, would again be applicants for license from the said court of quarter sessions, and from the said Robert E. Umbel, in case of his re-election to the said office.

This money, Dumbauld further charged, was demanded, collected and received by the secret committee with the knowledge of Umbel, and at his request was taken in charge by Umbel and Sterling and by them used to corrupt the voters of Fayette county.

Speaker McClain Velleitates, Fayette Representative on His 45th Anniversary; Westmoreland Man's Bill Makes Poll Tax \$3, With \$2 Rebate.

By Associated Press.

HARRISBURG, March 10.—When the constitutional amendment giving women the right to vote was reached and passed in the Senate this morning there was a buzz of excitement from the corner near the president's chair, where a party of state suffrage officials headed by Mrs. Frank Hoessing, president, and all eyes were directed to Senator Crow as he jumped up quickly.

It was not his intention to speak on the bill, as was expected, but he merely asked that the measure go over, meaning that it could be brought up any time. There was no objection and the bill went over.

Senator Crow said afterwards that he will be called up on Monday night, when every senator is expected to be present. A number were absent this morning.

The following bills were finally passed Making it unlawful to obtain credit for goods, wares or merchandise under a false or assumed name; prescribing the duties of township commissioners and supervisors to prevent the adulteration of food, and the adulteration of coloring of food, and the adulteration of foreign-born residents from fishing in this state.

Lieutenant Governor McClain, in a felicitous address, extended from the chair the congratulations of the Senate to Senator Crow on his 45th birthday, and adjourned to meet next Monday evening at 9 o'clock.

Representative Wood of Indiana county, introduced in the House a bill for the reorganization of the legislative districts of the state. Lower one member are made in Clarfield, Venango, Bradford, McKean, Tioga, Cambria and Lancaster counties. Gains of one member are noted in Indiana, Westmoreland, Washington, Cambria and Allegheny counties. The general apportionment of Allegheny county is changed, and Pennsylvania districts are left blank to fill out later. The measure calls for a membership of 205 instead of 207.

A bill was presented by Snyder of Westmoreland, providing for a poll tax of \$3 a year, with a rebate of \$2 to every man who voted at primary and general elections imposed upon every qualified voter. The money is to be used for county purposes. One dollar is payable when other county taxes are due, and the remaining \$2 before December 15. The penalty for non-payment is to be imprisonment in the county jail to continue until tax is paid.

**C. T. HETZEL PARDONED; SEEKS  
TO PREVENT A DIVORCE SUIT****Former Local Man to be Released  
from Federal Prison; Faces  
Another Charge in Pittsburgh.**

Charles T. Hetzel, formerly of Connelville, was pardoned yesterday by President Woodrow Wilson from the federal prison at Leavenworth, Kansas, following Hetzel's plea that he might be freed to make peace with his wife in New Castle, Pa., and dissuade her from instituting divorce proceedings. Federal authorities who want Hetzel on charges of misusing the mails in addition to the charges on which he was imprisoned, will ask that he be immediately re-arrested.

Hetzel was committed in the United States court of Western Pennsylvania, in Pittsburgh on April 17, 1913, for using the mails to defraud, and was sentenced to serve two years and six months in prison. This sentence, with commutation, would expire next month.

Hetzel appealed to the President for his immediate release, so that he might try to effect a reconciliation with his wife. He said that he realized he faced another charge in Pittsburgh but would gladly undergo further imprisonment if given a chance to see his wife. He hopes to be released on bond long enough to adjust his domestic difficulties. He is a son of John T. Hetzel of the West Side.

**WANT IN MEXICO****Wife Declares Express Messenger Has

In an interview with Mrs. Ralph Wiant, published in Tampa, Florida, last Thursday, she declares that her husband left that morning on a cattle boat for Mexico, where he expects to be free from the liability of arrest for the theft of \$12,000 from the United States Express Company a year ago in Connelville.

Mrs. Wiant declares that attorneys advised her husband to leave for Mexico when he was released on a writ of habeas corpus after being detained on a robbery charge. She says her husband got only \$1,000 of the \$12,000 stolen and then after spending the same got about \$500 the time the money was recovered at the home of Fred Wiant on Washington avenue, Connelville.

Furthermore, Mrs. Wiant says, her husband was drunk when the robbery was committed and did not know what he was doing. After spending the next day in Morgantown, he left for Tampa and was there ever since, working for a fruit house under the name of Ralph Wagner.

Mrs. Wiant returned from Tampa on Monday and is now living at Connelville.

The timely arrival of J. W. Upholzer at his home in Uniontown yesterday morning saved his wife and three children. Walter, aged 13; James William, aged 6; Adele, aged 5, and his sister-in-law, from asphyxiation. Mr. Upholzer is employed by the H. C. Erick Color Company as chief shaft engineer in the Leith mine, and returning home unexpectedly yesterday morning about 11 o'clock found Mrs. Upholzer, her children and her sister-in-law lying on the floor in a helpless condition. A physician was immediately summoned and administered medical aid. Before leaving he pronounced all the victims out of danger.

Mr. Upholzer stated that a gas valve on an instantaneous heater in the kitchen had become defective or had in some manner been turned on, putting the deadly fumes to fill the house. According to the story of the victims the children were the first to be overcome, and when Mrs. Upholzer went to their assistance she became a victim of the fumes. Mr. and Mrs. Upholzer are former residents of the West Side.

According to figures submitted by Superintendent E. V. Little of the Connelville Water Company, of the 135 water meters installed during 1914, a saving was effected in 127 cases and a loss in the other eight. In other words, he declares, accounts of 94 per cent of the residences with meters show a saving over the old flat rate system.

The following average of the 135 accounts is submitted:

Average flat rate	\$4.95
Average meter	\$3.72
Average quarterly saving	\$1.23

Mrs. Little further states that the company is continuing to test meters over the consumer desires to change from the flat rate to the meter basis. Of the 3,000 consumers on the water company's books, 600 are under a meter basis.

is Expected to  
Result.****THREE PLANS ARE OFFERED****All Members Over 15 Years Old Will  
be Given a Vote; Sale of Present  
Property Discussed, But Official  
Board Says It is Too Premature.**

All members of the Methodist Episcopal congregation over 15 years of age will have a vote at the meeting tonight when three propositions in connection with the expansion of the church will be submitted. Attorney F. E. Yoakum, a member of the official board, will preside.

The three propositions—the purchase of the Colonial Inn property on South Pittsburgh street, which it is said, can be secured for \$25,000; the remodeling of the present church on Apple street, or the purchase of the Beatty-Whitely property adjoining the church and to build an addition to the church—will be submitted by three members of the official board. They will submit figures and all data on the respective propositions. Impartially, without making any argument, to the congregation will be left the discussion and eventual decision in the matter.

The discussion, it is expected, will be interesting, and there are some who do not lean to any of the propositions. The acquisition of the Ruth property, only recently advocated, is being considered from many angles, and it seems to meet with favor among the progressive element.

Should the church decide to abandon the present site and build elsewhere, the sale of the present church would be negotiated. Though the official board declares that they have had no offers, it is said that one of the fraternal orders might try to secure it for a home, as the Odd Fellows did with the old Lutheran Church on Apple street, that it might be purchased by the city as a fire house, or that a company of automobilists might take it over and transform it into a garage.

The official board, however, says that discussion of the sale of the church is premature.

## Woman's Health Requires Care

Women who are so constituted as to be peculiarly susceptible to constitutional ailments, whose health depends in large measure on careful regulation and correction of this tendency. Their delicate organisms rebel at the violence of cathartic and purgative remedies, which, while they may afford temporary relief, shock the system and seriously disturb the functional organs. A mild laxative is far preferable and, if properly compounded, much more effective.

The combination of simple laxative herbs with potent salt in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is ideal for women's use. A free trial bottle can be obtained by writing to Dr. W. H. Caldwell, 152 Washington street, Monticello, Ill.

**STIRRING MESSAGE GIVEN BY EVANGELIST CALHOUN**

"Make Jesus King" Subject of Sermon at Revival Meeting in United Presbyterian Church.

A large audience greeted Evangelist Paul Calhoun at the United Presbyterian Church, which he held subject was "Make Jesus King" and his message drawn from it was an inspiring one.

"Christ was born King. He was proclaimed King by the angels. He was crowned King by the people. He was made King in Conneltsville by the men and women of your city. It will demand the same strength and wisdom and skillful ability as your business demands. We find many who cut across the line in the banking business, who can develop a great commercial system, men who have the strength and brawn to wield a mighty sledge—but when they come to the work of enthroning and crowning Jesus Christ are as inept as babes. We know of a man who had the ability to become auditor of a big railroad, but had not enough business ability and deep concern and vision to direct an institution, whose purpose was to make Jesus King. This man forfeited an attractive popular career and went off on a back street and placed a small building on a down grade lot. Others with half his ability took hold of the lot, placed a large stone building, a school, and built up a fine congregation with mighty power for the kingdom."

The evangelist told of a giant blacksmith whose grip was that of the jaws of a vice, but when he came to church and gripped your hand, it made you think of the grip of a dove.

"We need men who separate themselves unto the King Jesus, no time for secret sympathies. We want men with the faces of lions, with not a double heart, but with a perfect heart and all men that are for the King will stand up. Bring forth the royal diadem Jesus King of all, in your heart, in your home and in your city."

Mrs. Newcomer beautifully sang "Sometime, Somewhere" at last night's service. The topic of tonight's sermon is "The Cry of the Perishing."

**COURAGE IS COMMON IN THIS WAR**

LONDON, March 10.—Every Englishman knows how to die bravely. The Irish, Scotch and English soldiers face the bullets of the machine guns as though out on dress parade. It is the men who shiver and die in the trenches, or at home after an arduous campaign that our sympathy goes out to most.

There are thousands of such men behind the battle lines who went to the front without the strong constitution and good pure blood to withstand the deprivations, the hardships of the campaign in Belgium and France. It is a warning that we should pay strict attention to one stomach, liver and blood. If one is all out of sorts he should take an invigorating tonic and alternative such as Dr. Pierce's Golden Medical Discovery which cures diseases of the stomach and organs of digestion and nutrition. It cleanses the blood, drives out the breeding poisons. It makes the blood rich and pure, and furnishes a foundation for sound, physical health.

Fifty years ago Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., found that certain barbers, who manufactured by using glycerine without the use of alcohol or opiate, made into a concentrated extract, which he called Dr. Pierce's Golden Medical Discovery made a stimulating tonic for the stomach, helped the digestion and assimilation of food and eradicated poisons from the blood. This is nature's cure for indigestion, and by correcting the stomach, and thereby feeding the blood on pure materials, the red blood corpuscles are increased and the body established in a healthy state. No one suffers from catarrh who has plenty of red blood corpuscles and a good digestion. Catarrh in all its forms is a stagnation of the blood. It cleans pure red blood into the system by taking the "Golden Medical Discovery" and health is assured.—Adv.

## FINDS RELIEF AFTER HAVING GIVEN UP HOPE

After Having Given Up  
Hope This Sufferer Finds  
Quick Relief.

## HE SUFFERED MANY MONTHS

Discomfort Greeted His Every  
Effort for Relief Until Inter-State  
Doctors Treated Him.

Throughout the land the new system of medicine as practiced by the Inter-State Doctors, who have their Connellsville Medical Institute on the second floor of the Citizens National Bank Building, corner Pittsburg and Apple streets, opposite the Aurora furniture store, has proven successful over the ordinary methods of treatment. People many thousands miles apart give their endorsement to the same medical system as practiced by the same association of doctors—the Inter-State Doctors. These testimonials of praise have come from districts in many sections of the country—from Pennsylvania, Ohio, Maryland, Virginia, and elsewhere.

Letterhead, Maryland, February 23, 1915.

"When I started treatment with the Inter-State Doctors on December 21st, I was almost discouraged and thought that there was no help for me. Soon my idea changed.

"I must say that after taking treatment I am greatly improved though my loss was so severe and ulcerated and in such bad condition that it appeared hopeless when I started their treatment.

"I give the greatest praise to the Inter-State Doctors for what they have done for me.

"Signed: Joseph Baker, R. P. D."

Sick and ailing people often come many miles to obtain the treatment of the Inter-State Doctors. These specialists never operate, never use the knife. They furnish patients medicines direct from their own laboratory maintained at the Institute.

The Inter-State Doctors wish to give warning to all sick people that their services in Pennsylvania can only be obtained either at their Connellsville, Pa., office or at McKeesport, Pa., office. They have no other representatives whatever in this state and anyone claiming to represent them is doing so without authority. This warning is given as the success of the Inter-State Doctors has brought forth a host of imitators who copy a similar name and make claims as to their individual worth.

The Connellsville Institute of the Inter-State Doctors is one of the institutes of an association having institutes in many cities—there being three of these institutes in Pennsylvania, two in Maryland and one in Virginia. These being the nearest places where the new treatment can be obtained.—Adv.

Eldon, Mo.—"I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It is advertised itself."—Mrs. S. T. Hurley, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

PETEY DINK—Maybe It Will Be Dear in the End at That.

Copyright, 1915, by George Barr McCutcheon.

"Found out?"

"If you are caught shielding a fugitive from justice. It occurred to me last night that the safest thing for you to do, Mr. Smart, is to get out yourself." I stared. She went on hurriedly. "Can't you go away for a month's visit?"

"Well, upon my soul!" I gasped. "Would you turn me out of my own house? This beats anything I've—"

"I was only thinking of your peace of mind and your safety," she cried unhappily. "Truly, truly I was."

"Well, I prefer to stay here and do what little I can to shield you and Rosemary," said I solemnly.

"I'll not say anything horrid again, Mr. Smart," she said quite meekly. (I

I let the world into a most important secret when he advised me to take that course when in doubt.

For a long while I waited for her to regain control of herself, rather dreading the apology she would feel called upon to make for her abrupt reversion to the first principles of her sex. The notes ceased entirely. I experienced the sharp joy of relaxation. Her dainty lace handkerchief found employment. First she would dab it cautiously in one eye, then the other, after which she would scrutinize its crumpled surface with most extraordinary interest. At least a dozen times she repeated this puzzling operation. What in the world was she looking for? To this day that strange, my pecking on her part remains a mystery to me.

She turned swiftly upon me and beckoned with her little forefinger. Greatly concerned, I sprang toward her. Was she preparing to swoon? What heaven's name was I to do if she took it into her pretty head to do such a thing as that?

"Look!" she cried, pointing upward through the window. "Isn't she lovely?"

I stopped short in my tracks and stared at her in blank amazement. What a stupefying creature she was! She beckoned again impatiently. I obeyed with alacrity. Obtaining a rather clear view of her eyes, I was considerably surprised to find no trace of departed tears. Her cheeks was as smooth and creamy white as it had been before the deluge. Her eyelids were dry and orderly, and her nose had not been blown once to my recollection. Truly, it was a marvelous recovery. I still wonder.

The cause of her excitement was visible at a glance. A train nursemaid stood in the small gallery which circled the top of the turret, just above and to the right of us. She held in her arms the pink hooded, pink coated Rosemary, who was singing against the chill winds of her lofty parade ground.

Catching the nurse's eye, she signaled for her to bring the child down to us. Rosemary took to me at once. A most embarrassing thing happened. On seeing me she held out her chubby arms and shouted "du-da!" at the top of her infantile lungs.

I dashed, and the countess shrieked with laughter. It wouldn't have been so bad if the nurse had known her place. If there is one thing in this world that I hate with fervor it is an ill-mannered, poorly trained servant. A grinning nursemaid is the worst of all.

"Ha, ha!" I laughed bravely. "She—she evidently thinks I look like the count. He is very handsome, you say."

"Oh, that isn't it!" cried the countess, taking Rosemary in her arms and directing me to a spot on her rosy cheek. "Kiss right there, Mr. Smart. There! Wasn't it a nice kiss, honey bunch? If you are a very, very nice little girl the kind gentleman will kiss you on the other cheek some day. She calls every man she meets du-da," explained the radiant young mother.

"Oh," said I, rather crestfallen.

"Would you like to hold her, Mr. Smart? She's such a darling to hold."

"No—no, thank you," I cried, backing off.

"Oh, you will come to it, never fear," she said, gaily as she restored Rosemary to the nurse's arms. "Won't he, Blake?"

"He will, my lady," said Blake with conviction. I noticed this time that Blake's smile wasn't half bad.

At dinner that evening I asked Poop-ondyke point blank if he could call to mind a marriage in New York society that might fit the principals in this puzzling case.

"I'm sorry, sir, but I can't do

it. I promised her this morning I wouldn't let it be dragged out of me with red-hot tongs."

### A SAFE WAY TO STOP INDIGESTION

Without Fear of Weakening the Stomach; Works Fine in Any Case and Helps Relief in Ten Minutes

The greatest folly of today is committed by people with weak dyspeptic stomachs who take artificial digesters to cure indigestion.

Artificial digesters—pepsin pills, etc.—simply encourage a lazy or tired stomach to shirk its work by doing most of its work for it. This is fine for a time but as every chronic dyspeptic knows, artificial digesters soon lose their efficiency. Where once one did the trick three or four times are now required and the poor old stomach itself is worse off than ever.

Your stomach must be strong enough to expand and contract with a sort of churning movement so as to mix its digestive juices with your food. If your stomach isn't strong enough to properly churn a year's food, you will keep right on having indigestion after every meal until you make it strong.

There is one stomach remedy that every dyspeptic can depend on as surely as that the sun will rise tomorrow and that is the famous old M-I-C-A Stomach Tablets. Most stomach remedies for the stomach rest and digest the food themselves. M-I-C-A won't digest anything, but it will strengthen and stimulate the stomach and make it do its own digesting. It stops stomach pain, gas, bloating, burning, belching, etc. in 10 minutes and does still better by making the baby, indignant and inactive stomach really grow strong and capable of doing its own churning. M-I-C-A Tablets never lose their effect and am- ple more artificial digesters need not be used forever. A few weeks use is generally sufficient to put any stomach in fine shape and A. A. Clarke and many other leading druggists here- abouts sell it with that understanding agreeing to refund money to anyone who does not get complete relief.—Adv.

# RETIRING FROM BUSINESS

## Bazaar Department Store, J. Kinsbursky, Prop.

J. Kinsbursky, one of Connellsville's leading merchants for the past 20 years, is retiring from business and has sold his entire interests of the Bazaar Store to the firm of Harris & Company.

The new firm takes possession on April 10th, therefore we have only a month to sell the enormous stock, which includes large Spring Shipments that were bought last fall before this deal was over anticipated and which we were compelled to retain. Here is an opportunity that Connellsville has been clamoring for many years. Our one motive is that the stock must go and prices will be slaughtered to that extent that you will not be able to resist the temptation of making the utmost purchases. Bargains displayed in this sale will magnetically draw your money from your pockets.

As the patrons of the Bazaar Department Store are well aware the high standard of business integrity which we have maintained for the last 20 years in first class merchandise combined with efficiency and courtesy to all, and last, but not least, the confidence of the public which is always the greatest asset in business has been the success of this concern. When we throw open our doors on THURSDAY, MARCH 11 AT 9 A. M., we want everybody to attend this great Retiring From Business Sale of the Bazaar Department Store.

YOUNG MATAMOROS  
IS HERE FOR MATCH  
WITH ARCH PARKER

Young Matamoros, the Young Turk, whose picture appears above, arrived in town this morning from Chicago and will begin his training for the wrestling match with Arch Parker on Friday night at the West Side basketball hall. Parker is already here and in fine shape for the match. Manager Jack Stevens and Young Matamoros will work out at the hall tonight at 7:30. Everybody is invited around to see it. Parker and Ted Buttermore were working out at the gymnasium this afternoon. Pay Kaiser is to meet Buck Miller of Scottsdale and William Shady of Dunbar will box Buttermore. Manager Jack Stevens expects a large crowd. He is giving the boys more than worth of their money and generous support in his efforts to bring world class sport to the city region. An elevated ring is being built for the show Friday night. This will give everybody an opportunity to see every detail of the bouts, but will give the 11,000 better seats than those who pay 75 or 50 cents.

### LOCALS LOSE

Put Up Fast Game at McCallandtown. The Connellsville basketball team was defeated by the McCallandtown five at that town by a score of 25-21, on Monday evening. The showing of Connellsville was much better, however, compared with the first game played on their opponent's floor. Part of the defeat, however, is owed to the absence of Buttermore and Snook, who are out of the game on account of injuries. The first half of the game ended 25-7 for McCallandtown, but in the last period the locals came back strong and outclassed the other team, but the score McCallandtown had piled up in the first half was too great to overcome. This made the third game of the series that is being played between the two teams and it leaves McCallandtown with two victories to her credit and only one for the local boys. The fourth game will be played here Friday evening and in case the contest goes to Connellsville another game to break the tie will be played on a neutral floor. The locals defeated Leidsdorf Saturday evening by a score of 32-23.

### MT. BRADDOCK WINS

Defeated Scottsdale in a Close Contest at Dunbar Monday. The Scottsdale and Mount Braddock basketball teams played a close game in the Dunbar hall Monday evening. The score at the end of the first period being 21-18 in favor of Mount Braddock. The teams were about evenly matched and the score ran even during both periods. At the end of the first half the points stood 10-7 for Mount Braddock. When the last half ended the teams were tied 19-19. Five extra minutes were played, and the first basket made was to decide the victory. St. Matthews of Mount Braddock tossed it in. Many fouls were called on both teams and Mount Braddock could easily have taken the victory if they had had a competent man to shoot fouls. The lineup: Mt. Braddock..... Scottsdale

### BOSLET'S OPENING

Latest Styles in Men's Suits Are Elaborately Displayed. A fine variety of spring and summer suits is shown at H. J. Boslet's tailoring establishment on South Pittsburg street. A large number of men visited his opening Monday and yesterday. This was unusually elaborate, the interior of the store being decorated with potted flowers and plants. Victrola music was furnished and last evening Kiefer's orchestra played. From the display of materials, it is apparent that green is to be a popular shade. There will be the usual plaids, checks and stripes, but the trend will be to conservative designs. Turtlenecks are very popular. In the striped goods, a silk line is used often, with pretty effect. It will be a "white year," Mr. Boslet says, and he has many novel designs for the popular white trousers. There is little change in the cut of men's clothes. If anything coats are an inch or so longer than heretofore. Sack suits are made in one, two and three button models. Shirts with cuffs are popular and patch pockets are much in evidence. Overcoats of the Chesterfield type, the Talmucan, and the Kimono back are extremely natty. There is a wide variety of exceedingly pretty materials.

For the Stomach and Liver. T. N. Stuart, West Webster, N. Y., writes: "I have used Chamberlain's Tablets for disorders of the stomach and liver off and on for the past five years, and it affords me pleasure to state that I have found them to be just as represented. They are mild in their action and the results have been satisfactory. I value them highly. For sale by all dealers.—Adv.

## A Sale of Specially-Bought and Attractive SPRING-STYLE SILK DRESSES

At \$10. 12.50 \$15. 19.75 and Upward.

With all the style-features and quality-goodness of  
dresses selling usually for 1-4 to 1-3 more.

Wonderful dresses! The collection surpasses—in modishness, dress-making and quality—anything you'll likely see again at like prices. These dresses uphold the ability of American workmen and facilities to produce tasteful apparel with none of the essentials—refinement, simplicity, long period of wear—lacking. Some are copied from expensive costumes and reproduced in serviceable textures; others are strict American design, but far from common. We collected carefully. A dozen or more different makes are represented. The selection was made by one skilled in such matters; and every garment chosen had unusual merit to recommend it.

Bolero and simple models with military and low necks, some with vestees. The skirts are wide and full, yoke style or plain, shirred, pleated or decorated with sewed-in corsets. Two or three different style sleeves, crash or tailored girdles, some embellished with braid and metal embroidery. The models are for immediate wear and suited for afternoon occasions, church, and shopping. Every detail of making and trimmings is in accord with late fashions; and the sizes are for women and misses.

The materials are taffeta, charmeuse, crepe meteor, crepe de chine, poplin, Krinkled crepe, Duchesse satin, satin, messaline, Pompadour silk; in these colors: black, battleship gray, wisteria, Belgium blue, Expo green, sand, bottle green, light blue, deep blue, navy, light wisteria and reseda.

Extra Special! Prettily made street dresses of lightweight, all-wool Krinkled Crepe, black and brown. Bolero effect, embroidered band; white organdie vest and collar..... **7.50**

## ARCADE THEATRE TODAY MATINEE AND NIGHT

"A Startling indictment of modern conditions."  
—Ella Wheeler Wilcox.

A VITAL LESSON TO ALL  
MANKIND

Through all the photoplay runs that perplexing question, are these criminal elements of humanity born, or are they made by environment, treatment and conditions?

Warner's Features, Inc., presents for the first time here the masterpiece of photoplay in four parts. Written by Ella Wheeler Wilcox and Jack Rose. You have read remarkable stories by her. Now come and see them as they are in a dramatic photoplay.

## Are They Born or Made?

From Barefoot Farmer Boy Through the Reform School to Political Gangster.

Startling revelations of the tragic incidents that shaped the career of Andy Andrews. An "inside" story of politics and crime, by Jack Rose. A great, gripping, masterly four-part drama.

No more absorbing, stirring, human, dramatic story has even been put on the screen than this powerful portrayal of political intrigue and gang rule. The story is told as only Jack Rose can tell it.

We also offer for your approval the last time here, the sparkling musical splendor, "Oscar and Adolph in Panama." Excellent musical numbers. Grand chorus. Magnificent scenic display, with a gorgeous electrical equipment. This pair of funmakers can't be beat.

ADMISSION—MATINEE, 2:30, 5c and 10c. EVENINGS, 7:30 and 9, 10c and 20c. NO HIGHER.

THURSDAY, FRIDAY AND SATURDAY—THE OLD-TIME PLAY, "UNCLE TOM'S CABIN." GREAT CAST.

FRIDAY ONLY—Extra Feature—James Montgomery Flagg's Famous Photo Melodrama, "THE ADVENTURES OF KITTY COBB," in 500 scenes. Founded on his series of pictures by that name which appeared in the New York World and other newspapers throughout the United States.

NOTE PATRONS—Every WEDNESDAY and FRIDAY the management will offer a BIG FEATURE PHOTOPLAY.

A drama of tremendous intensity and power. A story that touches the heart and stirs the blood.—Dramatic Mirror.

A PHOTOPLAY BACKED BY A BIG IDEA

The scenario of "Are They Born or Made?" was written by Jack Rose, whose firsthand knowledge of metropolitan politics, with its gangs and its grafters, its intrigues and viciousness, is evident in the masterly handling of this absorbing picture.
